Fort Collins, CO: U.S. Dept. of Ag, Forest Service, Rocky Mountain Research Station. 55 p. Year 2020 to 2050 population estimates were provided as estimates by the California Department of Finance (Unrevised) in 1998.

** Apportionment until 1963 is an assumed average. Most representative districts were apportioned by counties until 1964. After 1964, the district populations were generally equitable.

*** Congressional district figures are based on the theory of full dilution for comparison purposes.
